

Please check the notebook "assign3_Q3_Q4_Densenet_n_Understanding_CNN.ipynb" in "Programming Questions" folder

Test Accuracy-

With LR=0.01 (as suggested in original code) – (slow convergence ; long training time)

After 100 Epochs –Error: 50.000000 % Accuracy 50%

With LR =0.05 ,after 50 epochs

```
Test set: Average loss: 1.4196, Error: 4688/10000 (47%)
```
